Bingo

This is the Bingo. It's a stall where you can play a game of bingo.

If you have a Bingo ticket, you can play 6 games with your ticket. If you don't have a Bingo ticket, it will cost £2 for one game or 6 games for £10.

A staff member will scan your ticket or help you pay by cash or card.

You can sit on the chairs and wait for the game to begin.

How to Play Bingo

1. Find the numbers on the board in front of you.
2. Listen carefully as the staff member announces the numbers. They will announce them quickly.
3. If you have that number, mark it off on your board.
4. Keep marking off numbers as they are called.

You can shout “Bingo’ if you have one of the following:

One line – marked off all numbers in a complete horizontal line

Two lines – marked off all numbers in two complete horizontal lines

Full house – all numbers are marked off

A member of the team will check and confirm your win and give you a prize. The game has ended.
